Sculpture Workshop Making Ataturk Statues

Heykel.org workshop, which produces and delivers Ataturk statues to every corner of Turkey, stands out as one of the most established names in the industry with over 20 years of experience and more than 600 completed sculpture projects. Our Erzurum-based workshop produces Ataturk statues for a wide range of clients from municipalities to schools, public institutions to private orders, and delivers throughout Turkey.

All Types of Ataturk Statues Under One Roof

The types of Ataturk statues produced at Heykel.org include equestrian Ataturk statues, Ataturk busts, full body Ataturk figures, Ataturk relief designs and large-scale monumental Ataturk statues. Every project is custom designed and produced according to the needs of the ordering institution or individual. We have the capacity to work with every scale and every material, from a small school bust to a large town square monument.

Materials Used and Production Process

Our workshop produces sculptures using bronze, fiberglass, polyester and various composite materials. Sculpture production at our facility follows strict quality standards. Bronze cast statues stand out as long-lasting choices with their durability and aesthetic appearance, while fiberglass and polyester statues offer solutions suitable for both indoor and outdoor use, easy to transport and install. The production process is meticulously managed for each material, with every stage from mold preparation to final surface treatment completed by expert hands.

Experienced Sculptor Team

The 5 professional sculptors and 2 specialists working at Heykel.org approach every project with a unique perspective and deep craftsmanship. Thanks to their years of experience, our team maintains high standards in anatomical accuracy, historical interpretation and artistic expression. More Than 600 Completed Sculptures

The 600+ sculpture projects we have completed since our founding most concretely demonstrate our workshop's production capacity and quality standards. Among these projects are large monument sculptures erected in city squares, Ataturk busts delivered to government institutions, figures produced for schools and custom sculptures prepared on special order. These meticulously completed works form the cornerstones of Heykel.org's reliability and recognition throughout Turkey.

Domestic and International Sculpture Orders and Delivery

At Heykel.org, we manage not only production but also installation and delivery processes completely. After your order is completed, we deliver it anywhere with careful packaging and safe transportation methods. By producing with installation-ready standards, we create more permanent works. This way, our customers receive end-to-end service from the workshop to final installation.
