

Turkish Bust Statues

17 bust statues of great figures who inscribed their names in golden letters in Turkish history have been masterfully brought to life in fiberglass material. Ranging from Ataturk and Osman Gazi to the founding leaders of Turkish-Islamic civilization, these works form a line of honor carried from the depths of history to the present day. Each bust has been modeled with fine craftsmanship to reflect the spirit and character of its era, acquiring a historical appearance with bronze patina coating.

Features of the Statues

17 bust statues produced from high quality fiberglass material offer an authentic and impressive appearance with bronze patina coating. The facial expression, headwear and attire of each figure have been modeled in accordance with historical sources. Suitable for both indoor and outdoor use, the busts are resistant to moisture, UV rays and weather conditions. Mounted on granite bases, the statues can be custom produced in different sizes.

Areas of Use

They are ideal monumental works for municipal squares, historical parks, cultural centers, schools and university campuses. They create a powerful identity in spaces that highlight Turkish history and civilization. These bust statues, a prestigious choice for public institutions and civil society organizations wishing to keep national values and historical figures alive, leave a historical legacy for future generations.
